WORK EXPERIENCE

FRONT END DEVELOPER, *Lifeblue*

Oct 2018 - Present

- In my current role as a front end developer at Lifeblue, a Dallas based agency, I work closely with designers, developers, and project managers to consistently develop exciting, beautiful, and responsive user interfaces through front end development for highly visible clients such as AT&T, Visit Dallas, FC Dallas, The Dallas Arboretum, Legacy Texas Bank, Heifer International, and more.
- I am involved in the initial development team of Lifeblue's first software as a service application: a timed ticketing and entry system that allows event institutions to reopen gradually during the stages of the covid-19 pandemic.
- I contribute consistently to 'Motif', Lifeblue's own front end framework.
- In addition to my front end responsibilities, I also frequently work with back end technologies that are incorporated into our projects, including PHP, Laravel, and MySQL.

WEB DESIGNER, *Medieval Times*

Oct 2017 - Oct 2018

My responsibilities as web designer at Medieval Times included:

- Assisting in the front end development and design of ongoing expansion projects, such as a partner portal and ticketing system, as well as updates and maintenance to the Medieval Times website.
- The design and development of email marketing campaigns.
- Assistance in production needs through graphic design, video editing, animation, and on-site production assistance.

ART DIRECTOR, *Core Publishing*

June 2016 - Oct 2017

My responsibilities as the art director at Core Publishing included:

- Publication design of Dallas Hotel Magazine, Houston Hotel Magazine, Denver Hotel Magazine & Colorado Hotel Magazine.
- Designing marketing & promotional materials.
- Maintaining/updating digital materials, including dallashotelmagazine.com and Core Publishing's social media accounts.
- Managing production schedule & oversaw printing press needs.
